On your land line phone: +1.929.205.6099 Meeting ID: 326962753	
On your cell phone: +1.929.205.6099 Meeting ID: 326962753#	

The Town of Chebeague Island is preparing to join the Maine Community Resilience Partnership. <https://www.maine.gov/future/climate/community-resilience-partnership>. The Partnership assists Maine communities in reducing energy use and costs and/or making their community more resilient to climate change effects. Becoming a member of the partnership opens new funding opportunities through the Community Action Grant program. Public input is needed and encouraged to help the Town determine which types of projects are of the highest priority for Chebeague. Please join us Sunday morning in person or Tuesday evening via Zoom to learn about the program and provide input on which town projects should be prioritized for funding.

### **Workshop agenda**

- What is the Maine Community Resilience Partnership?
- What are the climate-related hazards and impacts facing Chebeague?
- What are some potential projects that can help the town and community become more resilient?
- How can these efforts support the sustainability of the year-round community?
- Community discussion on which projects should be prioritized for funding.

**The public is welcome and encouraged to attend!**
