Re: Monthly Report

May the Code Enforcement Office issued many permits and fielded many calls for spring/early summer projects. May on site inspections were requested along with a BOAA Appeal meeting. Work continues on outstanding notice of violations which requires a lot of communication back and forth. Also inspected a property to ensure State junk yard laws were not being violated. Along with the Fire Chief the Chebeague Island Inn was inspected for its annual inspection.

The Chebeague Island Inn did have a meeting with code enforcement pertaining to a fall project they would like to do that includes landscaping and hardscaping. More details to come on the proposed project.

Any questions as always don't hesitate to reach out
