Re: Monthly Report

Stone Pier

The Pier as last month has been a very high traffic area for people, vehicles, bikes and boats. The vessel Loading and unloading float is constantly being abused. I have towed 4 large boats off that float in August and moored them on the town floats. (Another reason for a town boat) It's the owner/operator responsibility to get a hold of me, to rectify the situation.

Chandlers

Chandlers is running smooth with the occasional recreational boat tying up to long.

Cousins

Way too many boats tying up for long periods of time. Boats from Yarmouth mooring holders and Commercial lobsterman are also using the cousins float which adds the overcrowding. Enforcement is Difficult i.e. No vessel and no rules in the ordinance for cousins.

Shellfish

No violations

Moorings

Still the are few that have not paid this year. It's a constant battle.

Regards,

Genaro Balzano
